Reports

CS-18-13  Sidewalk Lighting on the West Side of Ritson Road

Recommendation

Whereas at the March 30, 2017 Community Services Committee meeting, staff were directed to investigate sidewalk lighting on the west side of Ritson Road North, in the area north of Ormond Drive to one block south of Conlin Road (CS-17-31); and,

Whereas the existing L.E.D. streetlights in this area are located on the east side of Ritson Road North; and,

Whereas in May 2017, staff conducted a lighting study which found substandard lighting levels along the sidewalk on the west side of Ritson Road North, north of Ormond Drive in the vicinity of the Region of Durham Waste Management Facility; and,

Whereas in June 2017, the City’s lighting contractor adjusted the tilt angle of the existing L.E.D. streetlights to improve the lighting distribution along the sidewalk on the west side of Ritson Road North, north of Ormond Drive; and,

Whereas in August 2017, staff conducted a follow up lighting study which found the lighting levels along the sidewalk on the west side of Ritson Road North, north of Ormond Drive now meet the minimum lighting level standards, confirming that the adjustment to the streetlights in June 2017 was effective and improved the sidewalk lighting;

Therefore, be it resolved that CS-18-13 be received for information; and,

That CS-17-31 be removed from the Community Services Committee’s Outstanding Items list.
