Dear Mayor and Councillors,

Please vote NO to proposed Hardco landfill on Wilson Rd. N.

If you are not well informed on the subject then you must know that this venture will be  
endangering residents drinking water and other systems.

There is already potential of this happening with the future development in North  
Oshawa.

Please respect your voters and our rights to clean water!

CLOCA has yet to complete a watershed study so approval before this can happen will  
certainly reek of personal interest between The City of Oshawa and Hardco.

Hardco must find a location far, far away from our homes/daycares/schools/churches  
and businesses water source for their dump.

Please make the only responsible decision and VOTE NO.

Regards,  
Colleen Peard
